Collection 2022

Parla Collection

We are a third generation furniture company that is continuing a legacy, that goes back 112 years back.

We know, why we shine bright;

We are talented.

We love craft.

We are tech oriented.

We work hard.

We move fast.

We are agile.

We are fully collaborative.

We thrive on problem solving.

We are a dedicated project partner.

We achieve the dreams of our project partners and we shine brighter together!

Hakan Öztunçman
Owner Director

Burak Öztunçman
Owner Director

A message from the Light Bearers of Parla

At Parla we are dedicated to chasing the light.

The blessed light of our grandfather who started this business as a loyal and respected furniture maker of The Ottoman Imperial Family.

The guiding light of our father, who taught us that we must take care of our customers and employees equally.

The sparkling light of our talented designers and hard-working factory workers.
The light that we see in the faces of our delighted customers.

At Parla what uplifts our day is not just creating beautiful pieces of furniture but creating exceptional, outstanding outcomes and constantly raising the bar when it comes to quality and care.

This vision has made Parla shine bright as a reliable, resilient, and globally respected company that designs, crafts and manufactures pieces that stand the test of time.

Every day, we are ready than ever, to shine brighter.

We are here to pour in light to your projects, and shine together with you.

Fusing Heritage, Crafts & Technology

Within our 15.000 sqm production facilities consisting of workshops for wood, stainless steel and upholstery; we design and manufacture furniture using hi-tech Italian machinery alongside experienced hand craftsmen who guide the process, and keep the heritage crafts element going.

Our in house team of industrial designers & craftsmen conceptualise, develop, design, and experiment with new ideas.

This brings about perfectly formed pieces of furniture that are fresh, cutting edge, technologically advanced and reflect Parla's heritage of traditional crafts in a contemporary manner.

We also welcome well known architects and designers to join us in creating new pieces, and run 'Product Creation Workshops'.

In these workshops we marry the designer's expertise & innate talent with Parla's traditional & modern craft techniques, cutting edge technology and belief in pushing boundaries.

We Care

Our philosophy and business practice is based on creating a caring environment in our company.

Whilst we are making sure we become more and more up to date with acquiring certificates; the current ones we have are:

ISO9001 (Quality Control), ISO45001 (Health and Safety), and
ISO14001 (Environment Management)

We care about people; we care about women, we care about young people.

We are a company that employs more than 200 people, **38% of whom are women**, and 30% of whom are under the age of 30. We focus on the wellbeing of our employees and have a very high retention level.

Our people are our future!

A Sustainable Future

We really do care...

About society, about the environment, about the economy.

We care about how we impact the environment,

Nature is our mother!

We care about looking after her, and leaving the right kind of legacy for future generations.

We manufacture with sustainability in mind, constantly developing ways to be more in harmony with nature when using resources such as wood, steel, aluminium, textiles and plastics.

To shine our light on generations to follow at PARLA we aim to achieve further sustainability goals by 2025*.

*Find out more about our sustainability goals at parladesign.com/sustainability

Our Design Ethos

FUSION

In each of our designs we fuse influences from our rich cultural heritage and the artisanal. We apply this to design; to form, to technique and to use of materials.

HARMONY

Every piece of furniture we design, craft and manufacture is a true reflection of our client's vision and sits in harmony with the environment it is being placed in.

RESPECT TO RESOURCES

In both design and manufacturing we set limits to how we apply our vast pool of resources and knowledge so that we are not exorbitant with the use of time, materials and labour.

Designers

Betül İnci

Head of Design and Project Management Teams

Betül started exploring ways of expression at a young age. Alongside her ultimate role model, her father, who was a teacher, sketching, designing and producing craft during her childhood years led to her building a professional career as a designer. She studied Industrial Product Design at Istanbul Technical University and Linneaus University in Sweden; following on from that she also added furniture design training at The Florence Institute of Design to her education.

From the Aegean region in Western Turkey to metropolitan Istanbul, Scandinavia to Mediterranean Italy, her multicultural education is very much reflected in her designs. She likes to use forms born from minimalism, add to that the inclusion of bold colours, she combines simplicity with extravagance in a poetic manner.

Betül has been working for Parla for 10 years and during this time she has participated in many projects spanning from New York to Dubai as Product Designer and Project Manager.

Betül's design Nigiri Chair has won the Good Design Award 2021 from The Chicago Athenaeum: Museum of Architecture and Design.

Aysel İlişik

Head of Designer Relations

Former Project Manager and Senior Designer of PARLA, Aysel studied Industrial Design at Anadolu University and started her career as a product designer in Istanbul.

As a highly experienced furniture designer and business development enthusiast; Aysel is focused on building and maintaining Parla's exceptional customer relationships within the A&D community.

Specialized in Hospitality interiors with a deep understanding of high-end and bespoke furniture; she is currently working as the Head of Designer Relations.

Deniz Albayrak

Senior Projects Manager

Born in Bulgaria, Deniz studied Industrial Design at Anadolu University and moved to Istanbul after his graduation.

Starting his career as a product designer in PARLA, he is currently one of the co-founders of Parla Studio, while continuing his development in management roles in the company.

His Professional development has taken him from being a Project Manager to a Pre-Contract Manager to currently working for Parla as a Senior Projects Manager, living and working from Parla's London Office.

Berrak İlkcan Şener

Industrial Designer

Born in Fethiye, studied in Eskisehir and based as a designer in Istanbul, Berrak was recently awarded by BigSee for her design of the Rimo Armchair. Berrak completed her Bachelor's degree in Industrial Design at Anadolu University. During her education, she participated in a student exchange program at HAWK Hochschule University, Hildesheim, Germany.

Moving forward she based her designs on these influences, combining them with her unique ideas. Aiming for timeless, clean and functional product designs.

Berrak creates durable and user friendly products which are also timeless in their look.

Seda Yetkiner

Industrial Designer

Seda studied Industrial Design at Anadolu University and made a quick start to her career at the same time at Yakamoz Glass designing niche objects and installations. During her years there, she found the opportunity to practise and become a master at hot glass production, which then became her passion – creating glass objects is now her most favoured hobby. She joined Parla Design Studio in 2019, widening her experience with new materials.

Her approach to design is reflected in furniture through bold shapes, that are warm, familiar, grounded and functional whilst embellished with elegant details.

parla*

Enis Altinkaynak

Industrial Designer

Enis was always fond of exploring his imagination via his drawings.

After graduating from Anadolu University, he proceeded on to a master's degree at Marmara University where he continues his research on the effects of modern technologies within the area of product design, while lecturing upcoming Industrial Designers at Beykent University. While enjoying every design ideology, Enis actually prefers to follow a totalitarian approach when it comes to design.

Always trying to reach excellence, he is fond of learning about materials and production processes in order to master them.

Yasemin Derici Çeri

Industrial Designer

During her studies of Industrial Design in Izmir; she and 4 of her friends set up a brand that created handmade concrete trays & objects. Following their passion for design and identity, they took part in the Milan Design Market, as part of Milan Design Week, and launched their product line there.

Focusing on product design, photoshoot styling, trend research, social media managing, visual, creative, and digital media creation for marketing, Yasemin continues her career as an Art Director.

Burcu Özdamar

Industrial Designer

After graduating from Middle East Technical University, Department of Industrial Design, she started working at Parla.

Working in cooperation with experienced craftsmen in the workshop, she learned the nature of the materials closely. The combination of different textures, geometric games and East-West identity synthesis can be easily experienced in her products. The designer, who cares about understanding the needs of both the user and space, stands out with her customizable products.

Burcu is currently working as a product manager and continues her design projects personally.

Umut Kargınoğlu

Industrial Designer

Born in Gaziantep, Umut studied Industrial Product Design at Istanbul Technical University and settled in Istanbul to base his design career in the city. During his internships, he gained experience on ideation and production methods for office, restaurant and urban furniture design.

Highly skilled in Product Design, Model Making, Branding & Identity, Concept Generation accompanied with a strong engineering experience for professional production techniques, Umut is currently working as a Product Design and Development Specialist.

Erden Dereli

Industrial Designer

After graduating from Anadolu University; Erden completed his design internship at d'Arc Studio Roma. Moving forward to his professional career in Parla; he worked 4 years as an Industrial Designer and 3 years as a Production Planning Manager, where he experienced various projects of mid to large scale all over the world for contract products.

Being one of the founders of Parla Studio, Erden currently continues his works as a Product Development Manager. His designs are mainly focused on materials, functionalities, manufacturability and R&D industry.

Buket Hoşcan Bazman

Industrial Designer

Buket Hoşcan Bazman was born in Izmir, Turkey, in 1989. Graduated from the Işık University and after few years of working in the industry, she founded her own design brand under the name "marbleous" in 2015, which produces marble detailed furniture and objects. In 2018, Buket set up her own design studio.

Currently, she is working on contemporary collectible pieces.

Buket focuses on traditional craftsmanship with natural materials. Each piece is made by craftsmen based in Turkey.

David Fox

Industrial Designer

David Fox Design, is a multi-award winning industrial and product design studio with awards from Red Dot, Good Design Award to FX product designer of the Year in 2009.

Their spectrum of product designs range from furniture, to bathroom basins, faucets, cabinet hardware, fabric and carpet design.

Their international client base covers: Belgium, Turkey, UK, Italy, Czech republic, Canada, Poland & Spain.

Klan Studio

Design Studio

Founded by Esref Akın Oral and Isik Gorgun Oral, Klan Studio is a design studio working primarily on furniture, yacht and machinery design sectors.

They like to define themselves as “modernists” prioritizing the efficiency of casuality and dominance of clever design.

What they want to underline, is always superiority of consistency. Naturally, making sure they always deliver the “right design” for every brief they come across.

Esin Sözer Kalender

Arketipo Design Studio

Arketipo Design was founded by Murad Denizaltı , Müge Hansoy Kinacı and Esin Sözer Kalender in 1994. For the past 27 years, they have worked on various Hotel, Spa, Shopping Center, Office and Residential projects; achieving successful results in each.

They have achieved over 80 projects in their country of headquarters, Turkey and have also achieved 100 completed projects in various countries such as Dubai, Germany, Russia, Libya, Kazakhstan and Ukraine.

Lagranja

Design Studio

Based in Barcelona with satellite offices in Istanbul and Singapore, Lagranja is a multidisciplinary design firm focused on the creation of new interiors and products.

After almost 18 years in the business, the team at Lagranja remains passionate and coherent about their core ideology, making design an aiding to companies and brands with their advisory.
